File until 05-29-2021

**Date:** 05-29-2018

**Start Time:** 7:00pm

**Attending:** Stacy Brice, Ana Ponce, Mauricio Solares, Tomas Mendez, Roberto Trujillo  
Mirna Paxtor, Veronica Trujillo, Nemorio Perez, Stephanie Tillery

**Absent:** N/A

**I. Review Last Meeting Minutes:** All good. No changes

**II. Old Business:** None

**III. New Business:**

- A. Blood Borne Pathogen Training – We had to meet requirement from customer to have all employees who have access to clean account trained on Blood Borne Pathogens.
- B. Stacy trained using OSHA-PESO training on Blood Borne Pathogens-We reviewed all PPE required and that we need to roll this training out to all Janitors and Day Porters and our Day and Night crews who periodically may come across Blood Borne Pathogen and cleaning procedures. The training did not really cover the specific cleaning up of spills and proper procedures except for the use of appropriate PPE, which would be helpful for our employees.
- C. Stacy will research additional training on specific guidelines for cleaning up of Blood Borne pathogen spills-specifically for janitorial.
- D. Safety Inspection of Integer janitorial closet.
  - 1. Need label for notebooks with safety information and trainings.
  - 2. Chemicals/SDS are correct
  - 3. Closet is located in Men's RR. Will investigate getting door changed to open out due to difficulty getting into the closet.
  - 4. Discovered janitor overfilling mop bucket. Safety Comm. Reviewed and retrained janitor on correct fill level.

**IV. Employee Suggestions:**

- A. None

**V. Recommendations to Management:**

- B. Training for all employees on Blood Borne Pathogens.
